Edward Doran Tried Suicide Because of a Young Lady.

## MARRIAGE - SEPARATES THEM

Doran Sought to Get a Divorce Fron His Wife, But Could Find No Legal Cause-The Young Lady Left the City and He Became Despondent. He Is Fast Recovering.

Edward Doran, the young man who atempted to end his life last Friday even ing by taking a large dose of chloral, as told in The Morning Times, was reported to be greatly improved at the Emergency Hospital today. His nerves are still in a badly shattered condition, however, as a result of the poison, and a strict watch is being kept over him to prevent any further attempt at self-destruction.

Mr Doran has been stopping at the In-diana House, on Third street northwest, opposite Trinity Protestant Episcopal arch. A reporter of The Evening Times today investigated the case, and succeeded in learning further particulars of the mys terious affair.

Mr. Bersn is a married man, although he is temporarily separated from his wife, who is now in New York. Several months ago be became deeply infatuated with a very pretty brunetic, about twenty-two years of age, who has been scopping at the residence of Dr. Joseph A. Tarkington, No. 419 Second street north

Mr. Doran knew that his marriage stood as a barrier between himself and the lady, and had taken steps, it is said, to procure a divorce from his wife. He frankly informed the young lady that he was a married man, but held out the hope that the divorce courts would remedy the matter by granting him a decree.

Recently, it is believed, Doran came to the conclusion that he could find no substan tial grounds upon which he could ask for a divorce, and this made him morose and

It: the meantime the lady's relatives and friends were in Ignorance of the facthat her suitor had a wife. They knew that Doran was desperately in love with the come woman, and several days ago, when they learned the truth, he was kindly bu firmly forbidden to call upon her.

She, it is said, agreed to the ar rangement, and to prevent Daran from see ing her again she left Washington, and is away now Feeling that his hopes had been blasted, the young man fell into a desperate mood, and about 6 o'clock Fri day evening, pale and haggard, he entered theoffice of Dr. Lewis J. Battle, No. 306 1-; Instinua avenue

After Doran had been in the office a few moments he informed the physician that he had swallowed eighty grains of chloral with spicidal intent. He then lapsed into into a deep sleep.

Dr. Battle worked on the young man for early two hours and finally restored him after he had been given several hypodermic injections:

With all possible haste Dr. Battle as sisted his patient to a Pennsylvania avenue cable car, and carried him to the Emer gency Hospital. While en route to that institution Mr. Poran conversed fluently and intelligently. After placing tim is the hands of the bospital staff, Dr. Battle requested that the matter be kept a profound secret, and asked the surgeons to watch boran spulse and condition as he had taken et local in large doses.

It was found that the drug taken by Boran had shattered his nervous system and the case was turned over to Dr. E. L. completes, edder of the nerve clinic and spe-

## GET FLESH.

Strength, Vigor, Clear Conplexion and Good Digestion, Not by Patent Medicine, But in Nature's Own Way.

Any Lonest physician will tell you that here is but one way to get increased firsh; all the patent medicines and cod liver oils to the contrary notwithstanding.

Nature has but one way to increase flesh that is through the stomach by wholesome food well directed. There is no reason or control sense in any other method what-

People are thin, run down, nervous, pale and shaky in their nerves, simply because their stomachs are weak.

They may not think they have dyspepsia but the fact remains that they do not eat mough food or what they eat is not quickly and properly digested as it should be

Dr. Harlandson says the reason is bemose the stomach lacks certain digestive cids and peptones, and deficient secretion of gasteic juice. Nature's remedy in such cases is to supply

what the weak stomach lacks. There are several good preparations which will do this, but none so readily as Stuart's Dyspepsia Tablets, which are designed especially for all stouach troubles, and which cure all digestive weakness on the common sense plan of furnishing the digestive principles which the stomach lacks.

Stuart's Dyspepsia Tablets give perfect digestion. First effect is to increase the appetite and increased vigor, added flesh, pure blood, and strength of nerve and muscle is the perfectly natural result.

Stuard's Dyspensia Tablets is the safest lonic known and will cure any form of somach taouble except cancer of the slomach.

Her Youthful Daughter Arrested Upon a Disgraceful Charge.

ONE PRICE

ONE PROFIT.

The Judge Warned the Weeping Woman to Keep Her Child Off the Streets-Man Not Arrested.

A sad story was developed in the police court today in the case of Maud English, a fifteen-year-old wirk charged with en ticing men to prestitution. The girl, a black-cycd, red-cheeked slip of a lass, was caughten a room with William E. V or Sciver, employed by Fish Bealer Javito in a raid raide upon a house of assignation on First street southwest, by Sergt Daley and officer Maner last Saturday night.

The girl's mother, a well-dressed, re

pectably-appearing woman, was in court and wept bitterly at the officer's resital of her daughter's lapse from virtue, but unmoved.

Fugh recited the facts, and then said Now, your honor, all the Government desires is that this girl be put in a place We do not want her sent to the workhouse If her mother will promise to keep her off the street and to take better care of her I would ask that your honor dismiss the defendant with a reprincend. There is no loubt that she was doing wrong. She was caught in this room with the man 'Yes." interrupted the judge, "and if

ie had been caught a little later he would probably be charged here with a peniten-dary offense." Then followed a nuthetic scene. The other, meaning and sobbing, was called around to the side of the judge's beach, where the court questioned her and the of-

ficers in a friendly manner. The police nen told how they had received numerous complaints from mothers with regard to these colored assignation houses on First 0 street southwest, and that white girls of all ages are admitted there.

A warrant bad been taken for this 0

especial house and five policemen stationed there to watch it They saw this girlenter tiple time to clapse followed and found the two in the room."
"Where is that old man?" here broke is

the mother sobbing aloud. "Why isn't be brought here: the reproduce, who ruins oung girls?"

"He was summoned here, but didn't apsear, your honor," explained Sergt Dules 'If I tell you all about the case, you can tell that he wasn't culpable however. When he was caught he teld me and he was corroborated by the girl-that she had a coste in: and asked him to go to this place 'to have a good time." He had asked her how old she was and she replied that she wa seventeen years old. He then said he did ot know any place to go, to which she answered she knew of this place on First dreet; that she had often been there, and knew it to be perfectly safe. She led his to the place, and we saw her enter first and then becken for him to come on. "It would seem from this, madame, said Judge Kimball to the mother, "that he has been to this place often before "Oh, your bonor," was the reply. "I am are she has never been in that place be-

ore Saturday night. "Was this the first time, you have be a in that place?" the girl was asked. "Well, how did you come to know about

Another girl who goes with me told me about it." The mother again began to cry aloud, and the girl showed the first sign of emotion

"Hush, mamma," she begged
